Greetings,

Today, as you stand on the brink of endless possibility and brace yourself for the first degree in tertiary education, here is an institution that promises an intellectually challenging and culturally dynamic environment.

Gargi College, holds a distinguished reputation among the great institutions of the university and the country. It holds a great renown for academics and is also highly reputed for its extra-curricular societies. By creating a conducive environment for cultural and academic exploration, Gargi College lays an emphasis on the holistic growth of its student body. Gargi encourages divergent thought and vibrancy, and epitomises the traits of the mythological namesake Gargi involving bold inquiry and intellectual excellence.

Gargi provides a wide array of cultural societies such as dance, drama, creative writing, photography and film etc. It also offers an inclusion for various other societies which largely focus upon social outreach programmes and personal development such as Enactus, NSS, NCC etc. Thus, the College makes a space for all possible extra curricular inclinations of its students, and encourages new ideas while shaping them as self aware and intellectually elevated individuals - ready to face the world.

On behalf of the student council, I extend a warm welcome and congratulate the students on gaining their acceptance into Gargi College. I hope that we all, as a team, have an exceptional year ahead.

Warm Regards,

Arundhati Rawat

President

Students Council 2017-18
